

Omri Green

Frontend Developer

Tenafly, NJ 07670 | +1 (201) 674-5859 | omri.green1@gmail.com | [GitHub](#) | [LinkedIn](#) | omrigreen.com

EDUCATION

RUTGERS UNIVERSITY

Bachelor of Science

Major in Computer Science

Relevant Coursework: Intro to Computer Science, Data 101 (Data Science)

New Brunswick, NJ
Sep 2022 – May 2026 (expected)

TENAFLY HIGH SCHOOL

GPA: 4.0

Graduated with high honors

Henry and Alice Redfield Scholarship

Tenafly, NJ
Sep 2020 – Jun 2022

EXPERIENCE

PROMMUNI – FRONTEND DEVELOPER

Remote
Nov 2022 – Present

- Helped develop startup's social media app built with Next.js, TypeScript, and TailwindCSS.
- Migrated the startup's landing page into the new Next.js codebase.

HACK4IMPACT – FRONTEND DEVELOPER

New Brunswick, NJ
Oct 2022 – Present

- Built a React.js volunteer portal to ease the registration process for Meals on Wheels volunteers.
- Took initiative to build new features such as responsive design, using React Query for server state management, and migrating from Create-React-App to Vite build tool.
- Worked closely with the backend team to integrate the Express API into our app.

PYTHON TUTOR

Tenafly, NJ
Jan 2022 – May 2022

- Taught the basics of Python to beginner programmers.
- Introduced beginners to core concepts such as data types, control flow, iteration, and object-oriented programming.

PROJECTS

PERSONAL BLOG

Next.js, TypeScript, Firebase

omrigreen.com

- Created a full-stack, statically generated Next.js/TypeScript app with Firebase Authentication and Firebase Firestore Database, utilizing Next.js serverless functions. Hosted on Vercel.
- Wrote articles and guides about web development topics such as React hooks and asynchronous JavaScript.

GAMEDEALS – VIDEO GAME DEAL FINDER

React.js, Node.js/Express, MongoDB, Bootstrap

github.com/OGreeni/game-deals

- Designed full-stack application allowing users to search for the best video game deals across multiple online providers using public API.
- Included functionality for saving deals to profile and subscribing to automated email notifications regarding price changes.
- Implemented JSON Web Token-based authentication and built Node.js RESTful API.

SKILLS & ADDITIONAL LEARNINGS

Languages: HTML · CSS · JavaScript · TypeScript · Python · Java

Technologies: React.js · Next.js · Redux · TailwindCSS · Node.js · Express · MongoDB · Flask · Git · GraphQL · Bootstrap

Online courses: React Guide · JavaScript Guide · CSS Guide · Node.js Guide (incl. REST APIs, GraphQL, MVC pattern) · TypeScript Guide · Python Bootcamp · Python & Flask Bootcamp

INVOLVEMENT

Rutgers Undergraduate Student Alliance of Computer Scientists · Rutgers Competitive Programming Club
